

## Speaker

**Anil Gautam**

*Head, Environment Quality Monitoring Group (EQMG)  
People Science Institute, Dehradun*

---

Mr. Gautam has done his Masters and PhD in environmental science from Mahatma Gandhi Chitrkoot Gramodaya Vishwavidhyalaya, Chitrakoot – Satna.

He has extensively worked in the Fluoride monitoring and fluorosis mitigation in Sonbhadra district, U.P. He has also contributed to a lot of other projects on monitoring pesticide residues in the environmental samples of Meerut district, bio-monitoring of Ganga river and its tributaries in Uttaranchal etc.

He has contributed to various publications.

- A study of particulate air pollution in carpet weaving units at Bedmanpur, Bhadohi (UP). IJEP 20(1): 44-48, 1999
- Observations on stone crushers dust pollution in Satna district (MP). IJEP 20 (2) : 844-849, 2000
- "Diffuse mercury pollution of surface water in Singrauli region of India", Proceeding of the 4th International Conference on Diffuse pollution, Bangkok, Thailand, 16-21 Jan. 2000
- A manual on water quality assessment using benthic macro invertebrates as an indicator of water pollution.
